Condotti Fountain (AS)
FT-280 975 lbs
46.00"W x 40.50"H

ESTATE FOUNTAIN SYSTEM

To reduce weight and for maneuverability, the fountain basin of the Newport Fountain and our other large estate fountains are made of our lightweight Limestone Lite® material. The Lite® basin is designed to be enclosed by the cast stone coping shown in detail below. Because of the large size of these fountains, we recommend professional installation.

Estate Longvue Fountain (AS)
FT-239 3,744 lbs
104.00"W x 80.50"H

Parisienne Two Tier Fountain (AS)
FT-184 2,295 lbs

CAMPANIA FOUNTAIN LED LIGHTS

- 12VAC.5W cool white LED lights
- Flexibility of Use: in or out of water
- Sold as a single unit light or set of 3
- 10 foot power cord
- 57 inches of cord between lights
- Additional LED lights and LED cords can be purchased separately. See price list for details
- Up to 5 lights can be connected in series into one transformer
- Optional Dusk till Dawn sensor available. Sold separately

Single LED Light Kit
LED-Kit1
Base: 2.25"W x 3.00"H

THREE LED Light Kit
LED-Kit3
Base: 2.25"W x 3.00"H

Campania's new Dusk 'Til Dawn Light Sensor allows you to plug your fountain LED lights in and forget about them. The sensor will automatically turn your lights on when dusk falls and turn them off when the sun returns. Be sure to place the sensor somewhere near the fountain that will receive direct sunlight during the day as shadows can cause the sensor to activate. Just connect the male end of the sensor to the transformer and the female end of the sensor to the power cord and the sensor will take care of the rest.

- Cord length from transformer to sensor is 14.75"
- Sensor can be used with up to 5 lights per transformer

CAMPANIA DUSK 'TIL DAWN LIGHT SENSOR

Dusk 'Til Dawn Sensor

2.25"dia. x 1.50"H

CAMPANIA FOUNTAIN AUTO REFILL DEVICE

One of the most prevalent complaints about fountains is the daily maintenance requirement to refill fountains as a result of water loss due to splash or evaporation. Campania is proud to provide a solution for this issue- its fountain auto refill device. Easy to install, this device maintains a fountain's water level at a constant height allowing homeowners to keep fountains running without worry.

Our fountain auto refill kit includes everything a homeowner requires to quickly automate the fountain refilling process. The kit includes a float valve on a sturdy concrete base, a custom stopper for Campania fountains, clear tubing, a pressure relief garden hose or spigot connection, and detailed instructions.

The small fountain refill unit is placed in the lowest basin of a Campania fountain. The homeowner sets the device to the desired height. From there, the clear tube is inserted through the special fountain stopper and connected to a garden hose or spigot. The water is then turned on and the valve in the unit actuates when the water level drops below the set height. A simple and quick fix.

Two Stopper Sizes Available

#7 Stopper Fountain Auto Refill Device
 Refill #7 3 lbs
 6.00"L x 3.00"W x 5.00"H

#10 Stopper Fountain Auto Refill Device
 Refill #10 3 lbs
 6.00"L x 3.00"W x 5.00"H

*Note: See pricelist for optional Refill Device Cover

CAMPANIA FOUNTAIN COVERS

- Prolongs the life of your fountain by protecting it through the winter
- One way breathable, lets trapped moisture out, but rain and dust can't come in
- Made of soft flexible Tyvek material, and packaged in its own storage sack
- Does not contain environmentally damaging poly-vinyl chloride (PVC)
- Locking drawstring for a more secure fit
- Four sizes to accommodate our variety of fountains
- Water resistant
- Only available in color shown

1 FTNCOV-SM Fountain Cover Small

2 lbs 28" diameter x 13"H
(accommodates fountains up to approximately 20"H)

2 FTNCOV-MED Fountain Cover Medium

3 lbs 64" diameter x 27"H
(accommodates fountains up to approximately 40"H)

3 FTNCOV-LG Fountain Cover Large

4 lbs 70" diameter x 34"H
(accommodates fountains up to approximately 35"W x 65"H)

4 FTNCOV-XLG Fountain Cover Extra Large

4.5 lbs 84" diameter x 36"H
(accommodates fountains up to approximately 55"W x 65"H)

*Note: To determine the proper size fountain cover for your fountain, please see our price list. For specific instructions on how to winterize your Campania fountain, see the Product Care and Information Section.

Campania's multi purpose plinths are perfect for fountains, planters, statuary and birdbaths and can be custom stained in any of Campania's cast stone patinas. Available in sizes ranging from 13 to 31 inches, each plinth includes a channel in the bottom for pump cord placement.

Pacifica Fountain Systems

Create your own fountain with Campania's glazed fountain components. This new selection of glazed jars can be combined with our round or square Lite fountain basins. The jars used in the fountain system include a matching glazed disc which can be siliconed to the top of the fountain to eliminate the need for filling the entire jar with water. The lightweight basins can be used either above or below ground, and are designed to be topped with river stones (not included). Easy to assemble, the kit includes the pump and all other components necessary to create your fountain. The basin provides easy access to the pump with a removable pump access plate. All pieces can be ordered individually or as a complete fountain kit.

Detail of top disc

1 Nico Jar [P]
Jar only (no disc)
150820-1601 84 lbs
18.00"W x 40.25"H

6650-14101 272 lbs
30.00"W x 51.00"H

Smithsonian® Collection
by Campania

The Smithsonian® Collection by Campania

Each year, millions of visitors to the Smithsonian® Institution's museums in Washington, D.C., are surprised to learn that the Smithsonian® includes a number of "outdoor museums." These alternative centers of learning are the many public gardens that surround the museums along the National Mall. Everything from an expansive Victorian parterre to a butterfly habitat garden, an heirloom garden to a victory garden, and a rose garden to a Chinese moongate garden complement the Smithsonian® museums they border and enhance the overall museum experience of learning, appreciation and enjoyment.

These gardens feature scores of historic furnishings, including urns, benches, and fountains, from the Smithsonian's Garden Furnishings Collection. This collection, numbering over a thousand pieces in total, preserves handsome examples of decorative garden furnishings from the late nineteenth and early twentieth centuries. Diverse design styles range from rustic and naturalistic to formal and ornate. All underscore the detailed style and craftsmanship of garden furnishings dating back a century ago.

The Smithsonian® Collection by Campania line of urns and plant containers is inspired by numerous pieces that showcase both the golden age of garden embellishment and America's rich gardening heritage. These beautifully detailed adaptations serve both a decorative and utilitarian purpose. Find a place in your garden to enjoy them as they help serve as a backdrop for sensory delights, art interpretation and cultural traditions—those same things celebrated both inside and outside the Smithsonian® museums.

Marble House,
home of William K. Vanderbilt

THE NEWPORT MANSIONS COLLECTION BY CAMPANIA INTERNATIONAL

Great houses and their gardens connect people to a nation's heritage and open windows to another age.

Beginning in the mid-1800s, the colonial seaport of Newport, Rhode Island achieved renown as a summer destination for America's most affluent families. Over the next 100 years in Newport, these families built some of the most magnificent homes and gardens in America.

Campania is proud to have partnered with The Preservation Society of Newport County to create the Newport Mansions Collection featuring reproductions of antique garden containers and ornaments from the Preservation Society's extensive collection.

The Preservation Society of Newport County is a non-profit organization whose mission is to protect, preserve, and present an exceptional collection of house museums and landscapes in one of the most historically intact cities in America. These 11 historic properties—seven of them National Historic Landmarks—exemplify three centuries of the finest achievements in American architecture, decorative arts, and landscape design from the Colonial Era to the Gilded Age. To showcase the grandeur and elegance of Newport's summer "cottages", the owners created exceptional gardens featuring fountains, urns, and statuary. The Newport Mansions Collection reflects the grand style of Newport but also features antique garden ornaments which reflect the more personal side of these lovely gardens and the privileged families who called Newport home.
